

# BTS Training Announcement

## Idaho State Police Forensic Services

### **Breath Testing Specialist (BTS) Class Training Schedule – 2010**

**Breath Testing Specialists (BTS) are Operators** who have completed an advanced breath alcohol instrumentation training class and are ISPFS-certified to perform instrument maintenance, and provide both basic and recertification training for Operators. BTS certification training is good for 26 months. Attendees must be certified as operators for one year prior to attending and should bring their instruments and wet-bath solution with them.

BTS Classes are taught throughout the year by ISPFS approved Forensic Scientists in three locations covering Northern Idaho (Coeur d'Alene), Central Idaho (Meridian) and Southern Idaho (Pocatello). Students may attend any location/training class which accommodates their schedules. See below.

Before moving an Intoxilyzer, shut it off and allow it to cool for 30 minutes. This should protect the lamp from damage.

Northern Idaho – "Coeur d'Alene" – Call Jeremy Johnston at 208-209-8700 to register

**Dates: April 1 -2, 2010** Classes begin at 0900 each day
